

Wednesday 30th April

THE INTERNATIONAL
BNA2025
FESTIVAL OF NEUROSCIENCE

From 07.30	REGISTRATION
08.30 - 09.30	Plenary Session – Professor Masud Husain
09.30 - 11.15	Training – BNA Special Session: Introducing the British Neuroscience Academy
09.30 - 11.15	Symposium – Neural mechanisms of novel mental health interventions Symposium – New approaches to diagnostics, biomarkers and trial drug selection in MND – highlighting UK MND translational research Symposium – Astrocytes in brain disorders: from pathogenesis to therapeutic potential Symposium – Neural Tissue Engineering in Nervous System Repair Symposium – Gut brain axis in Parkinson's – factors promoting propagation of pathology from the gut to the brain.
09.30 - 11.15	INDUSTRY TRAC – CRO PANEL Session
11.15 -11.50	POSTER PREVIEW & REFRESHMENTS
11.20 - 11.45	Silent Symposium
11.45 - 13.15	Poster Session
12.00 - 12.45	Flash Poster Session
13.15 - 14.00	LUNCH & EXHIBITION
14.00 - 15.45	Workshop – Neuroscience in a Generative AI enabled world Session – International Alliance of Mental Health Funders Symposium – Neocortical, hippocampal and striatal GABAergic inhibition in health and disorder Symposium – Bridging Animal and Human Studies in Episodic and Spatial Memory Symposium – Neural entrainment and cognition: from memory to natural speech Session – Glial mechanisms of Primary Tauopathy
15.45 - 16.45	Plenary Session – Professor Tony Marson
16.45 - 17.00	Closing Words
